**Subject: Applying for Job**

Dear Sir/Madam

Let me introduce myself, as a positive and self-motivated individual who wants to join your honored organization. My full name is Bawoke Lingerew Aschale. I have BSc degree in Software Engineering from Debre Markos University in May 3, 2022 with CGPA of 2.68. I write this application letter for your organization because I have a great interest to work in your organization. My educational background is enclosed in my Curriculum Vita/CV, and I am highly motivated, duty minded, responsible, persuasive and polite person. Having this in your mind, I would like you to consider my application for any vacancy in line with my profession. If your organization is interested in my application, I am ready to appear for exam or interview without any hesitation at any time.

Hoping to hear the best from you.

With best regards  
Bawoke Lingerew Aschale
